PARCCE NEWS

PHYSICAL AND AUGMENTED REALITY FOR CLIMATE CHANGE EDUCATION

OUR PROJECT LOGO

MIO-ECSDE

>>> READ MORE

Following an enriching consultation process with the graphic designer and the partners, the logo of the project was finalised in January 2024, encapsulating some key concepts of the PARCCE project, like our planet, Physical Reality, Augmented Reality (AR) and education. Do you like it?

READ MORE <<<

Legambiente together with MIO-ECSDE collabOrated for the website's scope and architecture. The drafted layout was then shared for feedback with the partners and the website was officially "up" in March 2024. [Check it out](#)

PARCCE KICKS OFF IN ATHENS

ATHENS, 11-12 DEC 2023

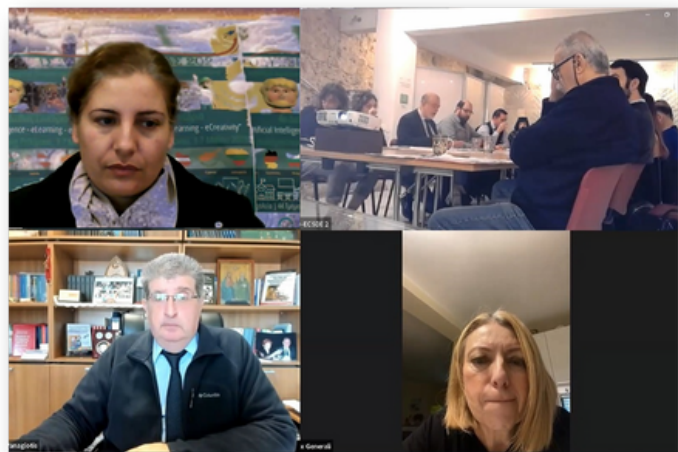

By MIO-ECSDE

>>> SCOPE

The kick off meeting gave the Partners the opportunity to meet each other and introduce our activities especially those relating to Climate Change Education. Besides establishing a common language amongst the consortium, the meeting set the base for the activities that will unfold over the next 3 years, as well as its dissemination and communication plans.

>>> HYBRID FORMAT

The hybrid format allowed all partner representatives to join in and interact. Admittedly the face-to-face meetings maximise the maximum engagement, sometimes the online substitute is necessary, and ensures that everyone keeps up with the project development.

MEET THE PARCCE CONSORTIUM

4 COUNTRIES - 8 PARTNERS - 2 ASSOCIATE PARTNERS

>>> MIO-ECSDE, GREECE

A Federation of 133 Organisations from Mediterranean countries working on environment and sustainability. Its long-lasting educational initiative, MEDIES, is an e-network of Education for Sustainable Development (ESD) practitioners.

MINISTRY OF EDUCATION
SPORT AND YOUTH

>>> PEDAGOGICAL INSTITUTE, CYPRUS

The Institute is a Dpt. of the Ministry of Education Culture Sport & Youth aiming at meeting the needs of teachers at all education levels. The Institutes' activities include teachers' professional development, educational research and evaluation, documentation, educational technology, curriculum development and innovative ESD.

>>> LEGAMBIENTE FESTAMBIENTE, ITALY

Legambiente Festambiente Aps is a branch of the national headquarter of Legambiente, one of the most widespread environmental organisation in Italy acknowledged as association of environmental interest by the Italian Ministry of Environment.

ΠΑΝΕΠΙΣΤΗΜΙΟ ΚΡΗΤΗΣ
UNIVERSITY OF CRETE

>>> E-LEARNING LAB/ DPT OF PRIMARY EDUCATION / UOC, GREECE

DPE aims at educating scientists for excellence, capable of confronting teaching challenges. Its e-Learning Lab supports the educational community by offering distance learning to teachers, lifelong education projects and encouraging exchanges on the use of ICTs.

BASTIA
U Marinu

>>> U MARINU, FRANCE

The keywords behind U Marinu (labeled CPIE Bastia Golo Méditerranée) are education, sustainable development, the Mediterranean while dealing with themes like marine and terrestrial biodiversity, waste and waste reuse and climate change.

>>> PERNERA PRIMARY SCHOOL, CYPRUS

A public school in Nicosia, promoting different types of formal & non-formal learning. It carries out activities around children's literature and works for creating a comfortable space to stay and learn.

ISTITUTO COMPRENSIVO
GROSSETO 4

>>> ISTITUTO COMPRENSIVO GROSSETO 4, ITALY

A public school in Grosseto, involved in many environmental education projects with the aim of increasing awareness and knowledge about environmental issues and problems.

>>> 1ST RAFINA'S PRIMARY SCHOOL, GREECE

Pedagogical innovation is the main feature of this public school of East Attica. It consistently runs innovative, project based programmes around health, culture, environment, science and ICTs.

>>> MONTESORO COLLEGE, FRANCE

A public school involved in sustainable development with multiple collaborations with public and private actors and teachers specialised in energy, ecology and scientific research.

>>> ASSOCIATE PARTNER SCHOOLS, GREECE

Two more Greek schools that will support implementation complete the project consortium, namely the 1st Experimental Primary School of Pyrgos and Doukas Primary Private School.

Physical & Augmented Reality for Climate Change Education
