PARCCE TEM & COURSE ARE READY!

➤➤➤ TRADITIONAL EDUCATIONAL MATERIAL (TEM)

The “traditional” educational material (TEM) on Climate Change co-developed by the PARCCE Partners is ready and available in English at <https://www.parcce.eu/deliverables> Addressed to students of age 9-13 years, includes 25 learning activities divided to three sections:

- Understanding Climate Change
- Impacts of Climate Change
- Responsible Responses

Physical & Augmented Reality for
Climate Change Education

**Traditional Educational Material
for Climate Change Education**

Early in 2025 it will be available in all Partners’ languages: Greek, Italian and French while later in 2025 selected learning activities of the material will be “transformed” using in Augmented Reality (AR) activities. Stay tuned!

➤➤➤ ONLINE COURSE

The asynchronous e-course offers a complete teachers’ training on the TEM activities, *via* texts, presentations and video lectures from the authors. The interested teachers can register and follow the course at: <https://parcce.envirolearning.net>
